**Subject:** RE: Follow up from COMPASS/EPA Risk Comms Executive Session

Greetings Compass and Risk Comms teams –

Let me pile on with profuse thanks for the Risk Communications sessions. They were well worth our time and will be invaluable as we continue to address gnarly issues in our work. The practice sessions were especially helpful. I wish I could take the full training in July, but the schedule conflicts with other duties.

You all are pros – keep up this good and important work.

Onward!

Debra

**Subject:** Follow up from COMPASS/EPA Risk Comms Executive Session

Hi everyone,

Thank you for a fantastic workshop over the past couple weeks. It was a pleasure to work with, and learn from, all of you.

A few follow up resources and requests from your trainers:

- If you have feedback or thoughts on the workshop, we would absolutely love to hear them. You can reach out to Madeline or me by email or by scheduling a quick phone call.
- If you would like to recommend our more in-depth, 17.5 hour workshop to your staff, they can find more info on EPA's [intranet site](#), including a form that gets them on the mailing list for joining future training.
- We have an upcoming workshop focusing on the intersection of risk communication and ecological risk from July 11–15. If you have anyone in mind who would be a good fit for that class/topic, please encourage them to fill out [this survey/registration form](#) ASAP!
- For ease of reference, EPA has a [webpage](#) dedicated to providing information and resources on risk communication (including short videos and the SALT Framework).

Last but not least, a huge thank you to Dawn, Taylor, Nickea, and Chris for joining us to share their perspectives, experiences, and expertise. We could not do these workshops without them. I've cc'ed them here in case you'd like to reach out.

I look forward to crossing paths with all of you again in the future!

All the best,  
Meg
